

VALUE-ADDED SERVICES

Warehouse Services Inc. is a leading third party logistics provider in the United States with more than 18 million square feet of dedicated and multi-client facilities.

We have the capability to provide advanced solutions for the most complex supply chains. Using innovation, advanced equipment and by combining agility and flexibility, we accomplish the current and future business needs of our clients. Using Lean and Six Sigma Methodologies,

our team works to provide value to clients by using existing resources and continuous improvement, which is supported by a learning culture.

Our integrated solutions include all aspects of logistics including Distribution, Transportation, Information Technology, Asset Management, and Value-Added Services. By providing turnkey solutions to our clients, we lower their costs and contribute to their competitive advantage.

Optimize your supply chain, enhance inventory control, reduce capital cost and improve your financial returns.

Value-Added Solutions

WE SPECIALIZE IN VALUE-ADDED SERVICES WITH SOLUTIONS BASED ON:

- Understanding your business and becoming a long-term partner that you can count on to support your logistics requirements.
- Service excellence throughout our organization based on our culture of continuous improvement, learning, documented processes and agreed upon metrics.
- Benchmarking best practices across all industry verticals to bring you the most innovative technology, equipment and strategy to optimize your supply chain, enhance your inventory control, reduce your capital cost and improve your financial returns.
